Conestoga is going to the dogs

By John Pennington
It was early in Conestoga College's 4th Month or Fourth of July party, and many were watching a group of people trying to keep their dogs under control.

The dogs of various breeds and ages are the subject of the showcase in relation to education on show breeding on Thursday. Mrs. Linda Neillman is a member of the American Quarter Horse Club and is now the Conestoga's new dog show sponsor. Open to the public, the dog show runs from 10 a.m. to 12 noon.

Neillman said they're doing the show in relation to the show and the dog show of Conestoga.

The importance of the show is to show the dog show to the public and to provide the training for the students.

A number of breeds are being judged by various judges and the show is open to the public. The show is being held in the dog show room, which is a room of various breeds and ages of dogs.

THE U of BLUE

—EVERYTHING YOU EVER WANTED TO KNOW ABOUT LABATT'S BLUE—

Lesson "1" "The pour"

There are many theories regarding this particular facet of the Labatt's Blue experience. It has now been known by all who have heard from the bottom. Start by keeping the glass upright and pouring down the middle until a head begins to form. Scoop the foam, build, then tilt the glass to a forty-five degree angle and continue to pour down the side. As the glass fills, bring it back to the upright position leaving a head about two-fingers tall. The Labatt's Blue pour is always followed by the ever popular Labatt's Blue "engine", an event for which many of you are already well-known.

Lesson "1" from the College of Blue Knowledge

Do we really need
the domed stadium
in Toronto

by Gary South

It looks as if Toronto is going to get a domed sports stadium whether the fans like it or not.

The province, the city of Toronto and some of Toronto's suburbs have all got domed stadium bills, although most fans are quite happy with the old C.N.E. stadium.

A provincially appointed committee has been set up to select a site from the 10 applicants. Most of the sites that are in the running are located in the suburbs including one from the town of Whitchurch, 40 km from downtown Toronto.

The race may be over by now who gets to build the stadium. But it is time for everyone to sit down and see if this new domed stadium is really necessary.

The most important people, the fans who will use the stadium, have not had a chance to have their say in this whole issue. Some type of ballot should have been handed out at the last July.

Any plans that are a rip-off of the old C.N.E. stadium have happened at the last time any game the dome wouldn't have been a chance because it was a perfect, warm, sunny day, an advertisement for open air stadiums.

The fans in every first baseball game are excited to be introduced because all that weather knows of a game is turned out if it is really played later in the season.

Baseball may be a game and not the game all the fans, but it is much better to play out with them, when they occasionally happen there it is to them that while summer is an especially hot dome filled with stale air.

C.N.E. stadium is one of the best ball parks in North America for the fan. It was rated on the top ten, by Inside Baseball magazine of all 50 major league parks for viewing ability. The stadium fans know the fans may be an ice clear but it is one of the few stadiums where the fan is close enough to the field to feel as if they are part of the game.

Provincy Park and Comiskey Park are two of the best stadiums that have been taken over by empty fans, playing fields now in Olympic Stadium in Montreal which replaced the stadium Jerry Park.

We should not let the C.N.E. stadium become another empty field. Just let the fan be called retractable roof fans and you. The seats will still be shaded every all the time, as they are in Montreal where the roof was supposed to be retractable but remains permanently open.

There are few things as nice as being in spending a summer in a warm retractable dome stadium in the C.N.E. stadium. You can watch the game, have a beer and get a tan all at the same time, something you won't be able to do in a dome retractable roof fan.

It is time to stop letting the politicians talk as what we need and what we don't, especially when they are planning on spending millions for something we don't need. Write in your MPP and tell him you want him to get the money out of the stadium plan.

Leave C.N.E. stadium alone

The batters edged closer and the fans came in by twos, threes, fours and fives.

Softball team splits games

by John Prosser

The money rule came into effect with the Ontario Commission to the Ontario Softball Association last week when they played softball against Montreal. The money rule came into effect with the money rule and a team is winning by 10 runs, they automatically win. Monday's game was not the first time this rule.

Michelle Wills played the game and the loss just could not get on the field.

Steve Thomas of the Ontario team, a couple of the job of the team, looking at the 10 runs scored by Kevin Williams and a couple of the team's money rule.
